

Springwater Corridor and Boring Station Trailhead Park Public Meeting #1

July 9, 2008

Table Discussion Topics

Springwater Corridor

1. Are there any issues associated with the trail that have not been identified?
2. Are there any opportunities associated with the trail that have not been identified?
3. Do you have any questions about the trail design?

Boring Station Trailhead Park

4. Do you have additional input on the site analysis of the trailhead park site?
5. Several potential themes are possible for the development of the trailhead park. Do you have a preference for one or two of the following: railroad history, agricultural and nursery industry identity, rural character, natural history of the area – flora, fauna and water. Or, do you have other suggestions?

6. Which design option is your preference for how the space is organized?

What do you see as the positives and negatives of each design option?

a) Active spaces in north, quiet passive spaces in south

b) Quiet passive spaces in north, active spaces in south

7. Do you have any suggestions for other uses not already identified?
